SAINT-GOBAIN STRENGTHENS ITS POSITION IN EXTERNAL INSULATION SYSTEMS AND INTERIOR FINISHING SOLUTIONS IN THE NETHERLANDS

Saint-Gobain announces the acquisition of Strikolith in the Netherlands, a company specialized in the production of external insulation systems, interior finishings and renovation products and solutions. In 2019, Strikolith achieved sales of close to €20 million. It employs about 50 people at one production site in the Netherlands.

The complementarity of Strikolith with Saint-Gobain's existing businesses enhances the Group's solution offering and in particular allows it to strengthen its offering in External Thermal Insulation Composite Systems (ETICS) and in construction chemicals in the Netherlands, reinforcing Saint-Gobain's leading position in energy-efficient renovation in Europe.
